

Introduced by Senator Alarcon

February 20, 2004

An act to amend Section 11093 of the Government Code, relating to statistical districts.

LEGISLATIVE COUNSEL'S DIGEST

SB 1703, as introduced, Alarcon. Statistical districts: San Fernando Valley.

Existing law requires the Department of Finance, the State Department of Health Services, and the Department of Transportation, in the preparation and maintenance of any statistical analyses by city, to make a separate breakdown of the San Fernando Valley, as described, provided that the City of Los Angeles continues to provide all necessary data. Any other state agency that desires to do so is authorized to voluntarily supply statistical data for the San Fernando Valley statistical area. No department of state government is required by these provisions to prepare or maintain any but specified statistical information.

This bill instead would require the Department of Finance, the State Department of Health Services, the Department of Transportation, the Employment Development Department, the Franchise Tax Board, the Secretary of State, the State Board of Equalization, and any other state agency or department that develops and maintains data and statistics on the municipal level, to make a separate breakdown of the San Fernando Valley, in the preparation and maintenance of any statistical analyses by city, and to require the City of Los Angeles to provide all necessary data. It would revise the description of the San Fernando Valley for these purposes. It would also delete the provisions authorizing voluntary supply of statistical information by state agencies and providing that no

department of state government is required by the provisions to prepare or maintain any but specified statistical information.

By requiring the City of Los Angeles to supply necessary data to state agencies, this bill would impose a state-mandated local program.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement, including the creation of a State Mandates Claims Fund to pay the costs of mandates that do not exceed \$1,000,000 statewide and other procedures for claims whose statewide costs exceed \$1,000,000.

This bill would provide that, if the Commission on State Mandates determines that the bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to these statutory provisions.

Vote: majority. Appropriation: no. Fiscal committee: yes. State-mandated local program: yes.

The people of the State of California do enact as follows:

- 1 SECTION 1. Section 11093 of the Government Code is
- 2 amended to read:
- 3 11093. (a) The Department of Finance, the State Department
- 4 of Health Services, ~~and~~ the Department of Transportation, *the*
- 5 *Employment Development Department, the Franchise Tax Board,*
- 6 *the Secretary of State, the State Board of Equalization, and any*
- 7 *other state agency or department that develops and maintains data*
- 8 *and statistics on the municipal level, shall, in the preparation and*
- 9 *maintenance of any statistical analyses, by city, either by*
- 10 *population, fiscal, or other bases, make a separate breakdown of*
- 11 *the San Fernando Valley; provided, that, and shall require the City*
- 12 *of Los Angeles continues to provide all necessary data.*
- 13 ~~Any other state department which desires to do so may~~
- 14 ~~voluntarily supply statistical data for the San Fernando Valley~~
- 15 ~~statistical area.~~
- 16 (b) The State Controller may, upon request therefor contained
- 17 in a motion adopted by the City Council of the City of Los Angeles,
- 18 designate additional statistical areas within the City of Los
- 19 Angeles, except that ~~such~~ *the* additional statistical areas shall in no
- 20 event exceed three in number.

(c) For purposes of this section, the San Fernando Valley is all the portion of Los Angeles City ~~which~~ *that* is described as follows:

From a point commencing where the City of Los Angeles most northerly boundary intersects with the Golden State Freeway and following on the city boundary in an easterly direction where such boundary first intersects with the boundary of the City of Burbank; thence continuing southeasterly along the Burbank City boundary to its intersection with Barham Boulevard; thence in a southerly direction on Barham Boulevard to its intersection with Cahuenga Boulevard; thence in a southeasterly direction on Cahuenga Boulevard to Mulholland Drive; thence along Mulholland Drive to *Owen Brown Road; thence in a southerly direction on Owen Brown Road to its intersection with* the Los Angeles City boundary; thence following the Los Angeles City boundary west and northerly until such boundary intersects with the starting point at the Golden State Freeway.

~~(d) No department of state government shall be required, by this section, to prepare or maintain any statistical information except the following:~~

~~(1) Existing information now prepared or maintained by city;~~
~~or~~

~~(2) Information, by city, which is voluntarily prepared or maintained by the department in the future, or~~

~~(3) Information, by city, which is required to be prepared or maintained by future changes in legislation.~~

~~This subdivision (d) is included as a clarification of legislative intent.~~

SEC. 2. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars (\$1,000,000), reimbursement shall be made from the State Mandates Claims Fund.
